

THETA CHI: THE DEFINITION OF HISTORY

Theta Chi Fraternity, one of the oldest (150 years) national fraternities in America, responds to the needs of the community, both on campus and off-campus. Whether leaving our families behind while feeding the hungry on Thanksgiving, visiting hospitals to sing Christmas Carols, painting homes for disabled senior citizens, cooking for school-sponsored BBQ's, coordinating OctSoberFest, or providing activities for Greek Week; Theta Chi Fraternity has established a long tradition of lending the Helping Hand whenever and wherever needed.

Theta Chi Fraternity believes one does not have to join a fraternity to make friends. The difference is that widespread multi-cultural associations are only made possible when in-

involved with a larger body. If someone joins an organization and just waits to receive the benefits, they will be sadly disappointed. However, if someone joins an organization, and gives of themselves whatever they can, then bonds, strong alliances, and deep, lifelong friendships are established. Cultural, societal, economic and religious barriers melt away, and everyone is enriched as a result.

In memory of our recently deceased President John Tooma, we have established a college scholarship to assist promising high school seniors to attend CSU Stanislaus. Last semester we were able to increase our single \$500 scholarship fourfold, a gift of \$2000.
